

AICEIM CONSTRUCTION LTD

Now Hiring:

### **Utility Installer / Labourer**

AICEIM Construction Ltd. is a contracting company with operations in Calgary, Alberta and surrounding area. We specialize in consulting, design, procurement and installation of shallow utilities for residential and commercial development.

We are currently looking for a Utility Installer / Labourer to join our team in Calgary and surrounding areas.

#### Description:

To provide help and overall assistance to crews on various projects installing utilities such as power, cable TV, gas and telephone facilities in a safe and efficient manner.

#### Duties:

- Participate in and contribute to daily job site hazard assessments and weekly safety meetings.
- Installing pre-cast concrete structures & underground fibre glass vaults.
- Placing conduit & different types of cables.
- Assisting in trenching, excavating, sanding, & backfill of trenches.
- Help with the installation of poles and streetlights.
- Material hauling, organizing and site cleanup. Must be able to lift 50 lbs comfortably. Must be able to walk and stand for long periods.

#### Skills, Abilities & Experience:

- Safety credentials and a **safety first** attitude (safety orientation will be done upon hiring)
- Class 5 Drivers License with a clean abstract.
- Experience working around equipment would be beneficial.
- Willing and able to commute. Most work will be around Calgary, but be prepared for the possibility of travel throughout Alberta. Reliable transportation is a must.
- Need to be reliable, punctual and willing to learn.
- Hard working, team player dedicated to company success,

Wage: \$19-21/hr based on experience. To apply, please visit [www.aiceim.com/employment](http://www.aiceim.com/employment) and fill out the online form. No phone calls please. Only those chosen for an interview will be contacted.
